

Study Class Report June 2016 May 2017

Five study classes were successfully run in Dapodi slums by our five study class teachers, Names of the teachers are Shashikala, Surekha, Kalpana, Minakshi, and Komal. They run study classes in Sidharth nagar, Mahatma Phule Nagar, Jai Bheem Nagar, Gulab Nagar, and Railway Chal. As we know the economical condition of slum area family is not good because of that they are not able to provide qualitative education to their children, slum area children are going in Municipal School so their educational condition is not good, and also these children do not get sufficient environment for study. Based on this situation Bahujan Hitay has started these study classes with the support of **Bodhi Trust**.

103 children have taken benefit through these five study classes, in these study class teachers focused on Maths, English and science subjects. Students from 5th to 10th std are involved in the study class, those who are needy and want to do study we are giving inputs to these students. After the summer vacation study classes has started in month of June and finished in April after their annual exam. In the study class teachers take daily review of their school class, take information about their interest, which subjects they find difficult, like these all the information teachers collect from the students and based on this they teach the children.

Teachers have taken reading of English, Marathi subjects, poems recitation in English, revision of English words spelling, practice of math. Through this revision students get confidence. Before the exams teachers prepare the students for their exams.

In November 2016 organized picnic for student at Khadkwasla, where student saw Dam and enjoyed full day of picnic.

On 7th January 2017 organized picnic for the student pune Darshan in which students saw historic places of Pune like Shaniwar wada, Aghakhan Palace, kelkar Musium, Katraj park, Katraj Milk Dairy, Saras Bag, Peshve Park, Vishram Bag Wada, Lal Mahal, Symbiosis Musium etc. students enjoyed picnic and got knowledge about historic places.

After all the enjoyment, teachers have started the preparation of annual exam of students, started the revision of question answer, revision math and science which are helpful to students for their exam. Through all these activities all the students increased their confidence and interest towards their study. Students got good marks and parents are happy about their performance.

On 1st May 2017 result of student from 1st std to 9th std has been declare and all students of study class passed and promoted to the next std.

Parent's opinion:-

We organized the parents meeting for understanding about their opinion about children and study class, also what changes they want in the study class, through meetings we made understanding when children started coming to the study class their parents are happy because children completed home work on time, involved in the competition, increased their confidence, also increased their progress in the study. Parents told we got all the information about the class from children. So parents are very happy about the study class and they said thanks to Bahujan Hitay Pune project and Bodhi Trust for their valuable contribution, for providing this opportunity to children.
